

## SoonerCare Choice

### Evaluating the Patient-Centered Medical Home:

Potential and Limitations of Claims-Based Data

May 4, 2010

Patricia Johnson  
Kelly Botten  
Oklahoma Health Care Authority

## SoonerCare Choice Prior to January 1, 2009

Partially capitated Primary Care Provider/Case Manager

- Case management
- Routine office visits
- Basic lab
- Avg per member per month = \$23

Fee for Service

Incentive Payments

- EPSDT
- 4<sup>th</sup> Diphtheria, Tetanus, Pertussis (DTaP) Vaccine

2

## Medical Home Model Solves Multiple Provider Priorities

- Change in current payment structure
- Medical home
- Autoassignment

3

## Data Used for Budget Assumptions

- ❖ Encounter data
- ❖ Fee For Service claims
- ❖ Encounter Claims Completion studies
- ❖ National Benchmarks

4

## Re-aligning Reimbursement

### Payment Components

- Care Coordination
- Fee for Service
- Incentive "SoonerExcel"  
(also Transition for 1<sup>st</sup> year)

5

## SoonerExcel Payments

\$5 m pool to distribute first year

- Child Health Exams (EPSDT) and DTaP
- Generic Drug Prescribing
- ER utilization
- Breast and cervical cancer screenings
- Physician inpatient admitting and visits

Add'l info regarding SoonerExcel can be found on our public website at: [http://www.okhca.org/providers.aspx?id=9426&menu=74&parts=8482\\_10165](http://www.okhca.org/providers.aspx?id=9426&menu=74&parts=8482_10165)

6

## What We've Learned

- ✓ We *did* have enough money in our budget!
- ✓ The transition went smoother than anyone expected
- ✓ Auto-assignment was a good thing from a data perspective
- ✓ An understanding of what we were "buying" with our SoonerExcel payments

7

**Enough about the  
Money!**

**Let's talk about  
QUALITY**

8

## Quality Measures

- OHCA annually collects 16 HEDIS measures, results currently being analyzed, expect results late summer.
- 10% rate increase in Child Health Checkups for FFY 2009.
  - SoonerCare children received 83% of recommended screenings.

9

## Data Observations

- Patient Centered Medical Home Inpatient Notification Initiative
  - 42% of members had follow-up in their medical home after hospital discharge
- Member inquiries relating to access decreased.

| Member Inquiries                | Jan – Dec 2008 | Jan – Dec 2009 |
|---------------------------------|----------------|----------------|
| Access to Care                  | 7,833          | 1,322          |
| Same Day/Next Day Access Issues | 1,670          | 13             |

10

## **Future use of Medical Home Data**

### **Health Access Network (HAN) Evaluation**

- Profile of network provider practice prior to association with HAN (SFY 2010)
- Profile of network provider practice after year 1 association with HAN (SFY 2011)

11

## **What We've Learned**

- ✓ Member involvement
- ✓ Provider education
- ✓ Survey of providers
- ✓ 155 new providers gained

12
